

Henry County Sheriff's Office Starts June 2016 Summer Camp.

It's summer once again and that means it's time for the Henry County Sheriff's Office Summer Camp. Sheriff Keith McBrayer and Deputies welcome campers as they show their excitement above in the group photo taken on their first day (June 13). Not only do the campers learn about law enforcement; an emphasize is placed on making good decisions. They are taught that the decisions they make today (whether good or bad) can effect them their entire life.

This camp is offered yearly to Henry County youth and this class represents ten different schools across the county. The Sheriff's Office second summer camp will begin July 11-15 and is so popular, it has already been filled.

Here's to a great summer for our Sheriff's Office
Summer Campers!
